

TRAILER TANK

1100 LITRE DIESEL

MAINLINE

- Design Approval #: TAN24202
- Mainline Fabricator #: FAN0009
- Manufactured to Flammable liquids road tank wagons (Appendix D)
- Tank design and fabricator approval registered with WorkSafe

Mainline trailer tanks provide more options and flexibility in the way you use and store diesel. The convenience and time savings of fuel on site will add value to your business.

Pump options include Honda WB20 and 12 Volt.

Tank sandblasted and finished with 2-pack epoxy paint.

1100 Litre trailers can be unbraked or braked units.
